the Revenue Village of Rampura with the island known as Kumsagadde into a periodical municipality for about 2 months in the year, under section 6 of the 2nd Regulation VII of 1906

3 Melkote in the Mysore dist is a Regulation municipality and the formation of the surroundings into a periodical municipality at the time of the Varamahotsava jatra was not sanctioned & it was observed that the constitution of the area outside the 2nd limits of Melkote may at the time of the jatra, well be undertaken by the Dt Board who may levy tolls on carts & animals & fees on shops under sec 20 Cl 5 & 7 of the Local Board Regulation

4 In the Shimoga dist Shimoga & Bhadravati are the only two Regulation municipalities and Rampura is not even a union under the L B Regulation It is a point for consideration as to whether the provisions of the 2nd Reg^n are necessary for the village, where the Taluk head quarters, Honnali is not governed by the Regulation

The present reference is quite an opportune one for giving effect to the provisions of Section 6 of the Bijapur Municipal Regn Act A similar provision exists in the Bombay District Municipal Act, and there are no less than four periodical Municipalities in that province, namely, Yawmur & Gudgaon-cum-Dharwar District and Gokarn and Kibri in Kanara Dt, all of them not far from the State. As the gathering of people is reported to rise to between 30 & 50 thousand, it is eminently necessary to devote special attention to sanitary matters in the place,

about the time of the Jatra. The provisions of the Munic[l] Reg[n] are extremely inadequate for such cases. The absence of even a Union in Rampur emphasises the necessity for a periodical municipality. There is no anomaly in having a Munic[y] in Rampur, though there is no Munic[l] Council even at other times, as during the period of the Jatra, Rampur has a population exceeding that of any town except Bangalore & Mysore, in the State.

17 The Constitution of the Munic[y] will not only ensure the expenditure of the funds raised, in that place itself, but will bring into existence an agency which will help to increase the attractions & value of such Jatras by organising lectures, demonstrations, exhibitions etc. The old Board is not fulfilling the functions properly, as the interests of the locality are not fully represented on the Board, and there is a greater tendency to divert the funds to a place possessing a more clamorous population.

18 Sanitary and veterinary and other Conveniences, including roads & shelters are not at all attended to—

buy the Dt Board now, and then will be vested

19 Such sources of local taxation can be developed. It may be noted that the powers given by Sec 59 (1)(x1) have not as yet been exercised, and that the formation of a periodical municipality will give opportunities for working and trying this and many another section of the Regulation before it is vested for which has a permanent municipality in case it is not appointed to the present Dr Secy

Am 19/8.

29) The general question raised in the file viz of establishing periodical Municipalities whenever important Jatras are held, should not in my humble opinion, be considered & decided by Govt without reference to the merits of each case

21) Govt have the power to order such institutions under Sec 6 of the Municipal Reg but the appropriateness of its application must be determined by the facts of each locality

22) These observations are based on the policy definitely fixed & followed in the Bombay Presidency Sec 6 of the Mysore Municipal Reg is based on Sec 6 of the Bombay District Municipal Act, but in Bombay

"The Commissioners are unanimous in their view that sec 45 of the Police Act is more workable than the Constitution of temporary municipalities at places where jatras and other similar assemblages are held. Each such place must be considered on its merits". (Vide page 13, Cummings Manual – Bombay Municipal).

23) In Mysore Sec 42 of the Police Regulation exactly corresponds with the provisions of sec 45 of the Bombay District Police Act.

24) So much regarding the general question.

25) The particular point involved in the present case is whether Rampur, Honnali Taluk, Shimoga District should be created a periodical municipality. The report of the Dist Commr (Mr Ramnath Iyer) furnishes the needful particulars for a prima facie case. The Jatra is the most important one in the District & the revenue realized is exceptionally large. The proposal therefore is worthy of further consideration by Govt.

26) It cannot be decided at once as the District Board who collect & spend the revenues in question at present have not been consulted by the Dy Commr (Mr K Sreenivasa Rau).

27) If this course is authorized, a suitable draft will be proposed.

From

A.V.Ramanathan, Esquire, B.A.,
Assistant Commissioner
Shiroga Sub-Division

To

K.Srinivasa Row, Esquire.,
Deputy Commissioner,
Shiroga District.

Sir,

In submitting herewith the report, of the Amildar of Honnali Taluk, on the Rampur Jatra held in February last I have the honour to submit the following recommendations regarding the conduct of the Jatra in future years

2. The Jatra attracts from 30 to 50 thousand people and 15 to 20 thousand heads of Cattle and covers a period of the major portion of a fortnight. But the sanitary arrangemer provision for Medical relief for men and cattle,, opportunities for educational Shows, and entertainments, and demonstrations of improved implements etc , hitherto made, have been very inconsiderable.

This is the most important Jatra in the District, and the one first held in the Jatra Season. The Revenue derived from the Jatra is by no means small, the fees on cattle alone brought in Rs1175/- this year. Not even a tenth of this Revenu is now being spent on the Jatra.

3. The primary maxim in the administration of all local funds is that they must be used for the benefit of the community or locality contributing towards them. Having this in mir I propose that the funds raised in this Jatra should be administered, by a distinct Council appointed by Government, and utilised. For improving the sanitation of the Jatra providing medical relief for men and Cattle, awarding prizes for the best cattle, holding an agricultural and Industrial Exhibition, and such other objects as the circumstances of t

the

the localities and of the Jatra demand.

4. In fact, the Mysore Municipal Regulation provides for such a contingency in Sections 6 and 14, and the Government have been given power of nominating such Councils in Section 14(2). There is no better instance, to my mind in which these powers of the Government can be exercised,.

5. I may further be permitted to invite your kind attention, in this connection, to the proceedings of the District Economic Committee held in March 1913 in which the construction of Jatras into periodical Municipalities was approved, and to letter No. 656 dated 1st May 1913 from the Secretary of the Agricultural Committee to the Honorary Secretary of the District Economic Committee in which the approval of the Agricultural Committee to the proposal is conveyed. Copies of these are enclosed for easy reference.

6. In the end, I have to propose, that if the above scheme be approved, the Revenue Village of Rampur in the Honnali Taluk and the island known as Kuruva Gadde in the bed of the Tunga Bhadra be included in the area declared under Sections of the Municipal Regulation, as the control over all this area is required for the successful working of a municipalty.

7. The season during which the muncipalty is to work, may be declared to be a period commencing from a date not earlier than a month prior to the first day of the Jatra, to date not later than a month after the last day of Jatra, the exact dates to be notified in the Gazette by the President every year.

8. The constitution of the Council may be ordered to be as follows:-

Ex Officio Members

The Assistant Commissioner, Shimoga Sub-Division, President
The Amildar, Honnali Taluk, Vice-President
The District Sanitary Officer Shimoga District Division.
The District Medical Officer, Shimoga District Division.

Enclosure 5.

Sir,

With reference to your memo no 892 dated 30th November 1913 regarding the constitution of certain jatra places in this Sub Division into periodical Municipalities, I have the honor to state as follows -

At present the only tax that is levied at Ramapur and Kudli is a small fee of one anna per head of cattle The proceeds are credited to the District Local Fund, a small portion being utilised for purposes of sanitation and awarding prizes at the respective cattle shows is alternate years

is held.
Magha
Chaitra.
Palguna.
Honnali.
Shimoga.
Shikarpur.

2 The following statement shows the collections at Ramapur and Kudli during the past three years and one year respectively

Ramapur.
Kudli.
Togarsi.

Jatra	Year	Amount of collection	Remarks
Ramapur	1911-12	1,100-0-0	The right to collect t
	1912-13	1,175-0-0	the fees is sold by
	1913-14	1,200-0-0	auction
Kudli	1910-11	-------	
	1911-12	-------	
	1912-13	672-11-0	Imposed for the first time

No tax of any kind was imposed before 1911-12 at Ramapur and 1912-13 at Kudli.

3. At Thogarsi only a shop tax which brings in on an average Rupees 230/- per annum is levied.

4. All the jatras which take place during the off season are so well established that there is no likelyhood of their dwindling in the near future.

5. The taxes that are now levied are too small for a Municipality. They are however capable of considerable improvement. Th bulk of the fees collected at the several jatras goes to fill the coffers of the Local Fund which spends practically nothing on improving the places or keeping them in a sanitary condition at the time of the fairs. If however these places are made Municipalities large amounts will have to be expended on conservancy, sanitation and water supply, a defective water supply at Togarsi is I understand very often the cause of Cholera spreading into the interior of the District. Last year Cholera carried away more persons than plague.

6. The Amildar of Honnali proposes Octroi duties on various articles I am not however in favour of an Octroi or any advalorem duty on the articles brought into the Municipal area as a large temporary establishment in them naturally

naturally much reliance cannot be placed will have to be entertained for the purposes of collections. At the time of such a heavy rush it is well hign impossible to prevent smuggling or to curb peculation on the part of a temporary staff controlled by a low paid agency.

7. In these circumstances I would propose the following taxes.

(a) Cattle fee at the rate of 0-1-6 per head.

(b) Cart tax at0-2-0 per vehicle.

(c) Shop tax at rates varying from abnas 4 to Rs. 4/-.

8. I camped at Ramapur during this year's jatra and took statistics with a view to ascertain what the income of the proposed Municipality would be if the taxes proposed by me were levied As this year's attendenace was said to be a normal one the figures collected by me may be taken as showing the avaerage attendance in years in which there is scarcity or much plague or Cholera about. If my proposals had been accepted and given effect to the income of the Ramapur Municipality at the last jatra would have been Rs 3,871-8-6 as detailed below

Items of taxation	Actual number at the last fair.	Rate	Receipts	Remarks
Tax on cattle.	25,285	0-1-6	2,370- 4- 6	These figures represent the number of carts and cattle that actually passed the tollgates

	Total.			3,871- 8- 6	

9. The income of the Kudli Municipality may be taken at half and that of Togarsi at ½ of that of Rampur.

10. As jatras are liable to suffer or be altogether stopped on account of Epidemic diseases amongst men and cattle it will be sage to assume that in a quinquenial period there will be a full attend ance for two years, half that for two years and none for one year.

11. For purposes of expenditure the average income should be the mean of five years. On this basis the mean-income of these municipalities will be as follow:-

1. Rampur. Rs. 2,400/-
2 Kudli. Rs. 1,200/-
3. Togarsi.Rs 600/-

12. The Municipal Funds will have to be expended on:-

A. Conservancy and Sanitation of the Municipal area,

B. Providing drinking water wells &c.,

C. Lighting,

D. Making roads &c,

E. Medical and Veterinary relief.

F. Constructing temporary or permanent shelters for pilgrims (as funds permit)

G. Grant to the Muzrai institution concerned,

H. Grants to Educational and other institutions,

I. Municipal establishment,

At least 30% of the net proceeds will have to be spent upon conservancy and sanitation and another 20% for providing water and lighting. The balance will be available for expenditure on the other items.

14. The boundaries of the proposed Municipality of Rampur of the Honnali Taluk should include the whole of the Rampur village and the island known as "KURUVADAGUDDE".

15. The boundaries of the Togarsi Municipalty should be coterminous with the village limits

15. The boundaries of the Kudli Municipality should be as noted below:-

They should commence from the river bank in Survey No 213 of Kudli village where the cart track from Shimoga to Kudli meets the river Bhadra and pass along the northern boundary of Survey Nos. 7,8 and 5 of Kudli village, cross the river Thunga

Thunga and pass along Thunga and Thunga Bhadra rivers in [illegible] Surgur village and thence by the wetern bank of Thungabhadra in Holehatti village and cross the river at the point where the carts ford the river to enter the jatra [illegible] ground and thence pass along the northern boundary of Survey Nos. 16,17 and 9 of Siddapur village aand thence along the cart track lying to the north of Survey No. 6 and the wetern boundary of Survey No 37 of the same village and thence along the cart track lying in Survey Noss 79,47, 48, 75,76 and 77 of Danaikpur village and thence along the southern boundary of Survey No. 6 of the same village and then across the river to the point where the boundary commenced in Kudli village

Sir,

With reference to your letter No 11871-7/ML.(97-13)dated the 27th May 1914 requesting to submit a list of localities in this District which can be constituted periodical Municipaliti-es as provided for by section 6 of the Mysore Municipal Regula-tion I have the honor to state that the jatras which will be held in several places of this District are of short duration and the gathering of people at them is also small It is report-ed that the people attending some of the Jatras are unwilling to pay any taxes that may be imposed upon them while in other places the realisations expected from the levy of taxes will not be sufficient to meet the cost of the sanitary arrangements to

Sir,

In reply to your letter No.11871-7 dated 27th May 1914 regarding the constitution of certain places into periodical Municipalities, I have the honour to state that with the exception of the Jatras held at Kyamenahalli in the Koratagere Sub Taluk, and Nagalmadike in the Pavagada Taluk, the other Jatras in the District are not of sufficient importance to justify the conversion of the localities where they are held into periodical Municipalities.

As regards the two Jatras named above, they are held in connection with the Car-festival of Sri Anjeneya Swami at Kyamenahalli and Sri Subramanya Swami at Nagalmadike respectively The realiziations from the levy of toll on cattle at these Jatras are at present credited to the funds of the respective temples and is the main source of their income The temples cannot be deprived of their revenue to the advantage of the periodical Municipality and the levy of any additional tax at these Jatras would be a hardship to the people that congregate there The sanitation of these places on the occasion of the Jatras is being satisfactorily attended to by the District Board as a rule at a small cost In these circumstances, I consider it unnecessary to constitute these two places also into periodical

Sir,

With reference to your letter No. 11871-7/M1.9713 dated 27-5-1914 calling for proposals for the formation of Periodical Municipalities under Section 6 Of the Municipal Regulation, I have the honor to state as follows:

The most important Jatras where cattle shows are also held are Sree Ramadevara Rathotsava at Chunchankatte in the Yedatore Taluk and (2) Sri Venkataramana Swami Rathotsava at Hemagiri, in Krishnarajapet Taluk. The income derived from the marginally noted sources are now being credited to temple funds and the formation of periodical Municipality at these places during the Jatra occasions will affect the Revenue of the Temples concerned.

Among fairs, the weekly market at Santhemarahally in the Chamarajanagar Taluk and at Torakanamby in the Gundlupet Taluk are the most prominent ones in this District.

A large number of cattle changes hands every week. The marginally noted items are subjected to tax at these weekly fairs and the realizations therefrom are being credited to District Funds. The formation of periodical Municipalities at these places will largely affect the revenue of the District Board.

Among

Among Jatras without any cattle shows attached to them, the Vairamudi Jatra at Melkote is the most important one. At present Shop tax is being levied during the Jatra Period and the small income derived therefrom credited to Municipal Funds.

It was proposed in this Office letter No.156 dated 18-9-12 to form a periodical Municipality during Sri Vairamudi Jatra and Ramanujacharya Thirunakshatram from about 10th March to 15th May every year by including the orginally noted villages within the limits of Periodical Municipality. The area of the proposed periodical Municipality was reported to be 2 miles and it was proposed to levy a special Sanitary Cess on Pilgrims and cattle during the Jatra seasons.

1. Kadalgere
2. Kodenahally
3. Balaghatta
4. Hosahally
5. Gowdagere

The Government in their Proceedings No. 4672-Ml./156-12-4 dated 4-1-1913 declined to sanction the formation of a Periodical Municipality at Melkote, and the levy of special Sanitary Cess on pilgrims was considered to be objectionable.

The other Jatras and fairs mentioned in the enclosed statement are of minor importance and are not fit to be used as an occasion for forming periodical Municipalities

I have the honor to be,

Sir,

Your most obedient servant.

Deputy Commissioner,

Mysore District.

Sir,

In reference to the General and Revenue Secretary's letter No 11871-7 Mul 97-13 dated 27th May 1914 calling for a list of localities in this district which can be constituted into periodical Municipalities under Section 6 of the Municipal Regulation, I have the honour to state that from the reports received from the Amildars and the Deputy Amildar - and also the Assistant

Commissioners

Commissioners in charge of Revenue Sub Divisions in this District, it is seen that there is no place in this district which can be constituted into a periodical Municipality.

2 The Amildar of Dekalgode Taluk however suggests that the village of Ramanathapur where a Cattle Show is being held annually in connection with the Car festival of Sri Subramaneswara Swamy, may be formed into such a Municipality, and he adds that seperate taxation is not desirable as fees are already being levied on cattle and Shops on the occasion of the Cattle Show. A grant of Rs 30/- from district funds is being sanctioned every year for sanitary arrangements during the Jathra occasion at Ramanathapur in addition to the two sweepers who are permanently employed at the place I therefore do not the receipts from

the

the Cattle Show go to District Funds, necessary arrangements during the Show for the proper conservancy, Sanitation and lighting of the place are also undertaken by the District Board. I am therefore of opinion that under these circumstances it appears unnecessary that the village of Ramanathapuram should be formed into a periodical Municipality.

GENERAL AND REVENUE SECRETARIAT

(Continuation sheet draft form.)

from the Replies received it is
that the majority of the District Com-
missioners are opposed to the formation of
Local Municipalities. It is not
at the same time possible to
some of the places where big towns
are held into mind as they do not
generally satisfy the conditions required
for the purpose. On the other hand,
the constitution of such places into
Local Municipalities has decided advan-
tages that it will not only ensure the expenditure
of the funds locally raised exclusively for
local purposes but will bring into existence
an agency which can develop fresh
sources of taxation and help to increase
the revenue value of such towns by
organizing lectures, demonstrations, exhibitions,
&c. The District Board with
over a wide area
jurisdiction cannot be expected
to fulfil these functions satisfactorily as the
interests of the locality are not fully rep-
on the Board

2) I am of the opinion, that for the purpose of trying the system as an experiment in a few places and accordingly direct the formation of such municipalities at Ramapuram, Thrippunithura & Kadakkavur on the lines of the annual system, tentatively for a period of 3 years.

3) The Dy Com^r of the Eranakulam Dist is requested to report the municipalities and date in each year on which the municipality should commence to exist in each of the aforesaid areas, the date of which the necessary declarations being published by him under sec 6 of the Municipal Regn. He is further requested to submit definite proposals with reference to sec 14 cl(2) of the Regn for the working of these municipalities when constituted. Proposals may be subsequently be submitted without loss of time in consultation with the Local Authority in regard to the areas of taxation as required by sec 6 of the Regn.
